## PROJECTS

BanglaVerse [React, Node.js, MongoDB]

May 2025 – Jun 2025 

- Developed an AI-powered Bengali language platform enabling seamless translation, intelligent chat, and content creation for Banglish and authentic Bengali.
- Implemented real-time Banglish-to-Bangla conversion, AI-driven chatbot with bilingual support, and rich text editor for document creation and PDF export.

Abohochitro [PHP, HTML, JS, CSS]

Jun 2025 – Jul 2025 

- A web-based dashboard for Bangladesh offering real-time updates on air quality, temperature, and cyclone tracking with interactive visualizations.
- Provides tailored health advice and instant emergency alerts, empowering users to take proactive steps for well-being and safety.

Babysitter Management System [C#, SQL Server, .NET Framework]

Jan 2024 – Jun 2024 

- Developed a comprehensive platform to manage babysitting services effectively and securely for parents and babysitters.
- Built using .NET Framework with Visual Studio 2017 and SQL Server 2014, featuring registration, profile management, job posting, booking, billing, and integrated baby shop.

Dhaka Bus Service [Nest.js, Next.js, TypeScript, React]

Jun 2025 – Oct 2025 

- Developed a full-stack bus management system for Dhaka featuring ticket booking, route and schedule management, driver and admin dashboards, and real-time updates.
- Built using Next.js, NestJS, TypeORM, and PostgreSQL with secure JWT authentication, Dockerized deployment, and automated CI/CD testing using Jest and Cypress.

## SKILLS

|            |                                                                    |
|------------|--------------------------------------------------------------------|
| Languages  | C++, Python, JavaScript, PHP                                       |
| Frameworks | Node.js, Nest.js, React                                            |
| Databases  | Microsoft SQL, MySQL, PostgreSQL                                   |
| Tools      | Git, Docker, Kubernetes, GitHub Workflow, JUnit5                   |
| Cloud      | Azure (Kubernetes Service, Container Registry, Cloud Storage, SQL) |

## EXPERIENCE

Microsoft  
Student Ambassador

Oct 2023 – Present  
Dhaka, Bangladesh

- Hosted events on Microsoft Learn to expand community outreach, impacting 1,000+ students across Bangladesh.
- Organized workshops on Azure, AI, and app development for 200+ participants while collaborating with 50+ ambassadors to foster shared knowledge and community solutions.

Hackules Inc.  
Campus Ambassador

Jan 2024 – Sep 2024  
Dhaka, Bangladesh

- Improved team collaboration through effective communication and industry research, boosting efficiency by 30% and preparing teams for hackathons.
